11. Purchasing process

Basket (quotation simulation)

Any service from our offer can be added to the shopping cart. In the basket, you will only see the selected services, the quantity, the price and the total amount including the corresponding taxes. From the basket you can place an order by following the steps below for its correct formalisation:

- Verification of billing data.
- Checking the method of service provision (download, activation...).
- Selection of the payment method.
- Placing the order (purchase).

Once the order has been processed, the system instantly sends an e-mail to the PROVIDER's management department and another to the USER's e-mail confirming that the order has been placed.

Orders (purchase requests)

After the purchase of the service, the USER will receive in the email provided a locator where the information related to the event (place, date and time of the service) will be indicated. It is possible that the purchase confirmation will not be received in the "Inbox", as some internet services detect them as spam, so it is recommended that you check your "Junk mail".

This ticket must be presented in printed or digital format at the reception desk of any museum or site managed by the PROVIDER. Possession of the ticket does not entitle the holder to rapid access to the site. Access is subject to the access and exit policies established by the organiser.

When exercising any of its rights or powers under this Clause, such exercise shall not prejudice or affect the exercise of any other right, power or remedy that may be available to the USER.

13. Warranties and returns

The guarantees will respond to what is regulated in the Title referred to "Guarantees and after-sales services" of the Royal Legislative Decree 1/2007, of 16 November, which approves the revised text of the General Law for the Defence of Consumers and Users and other complementary laws, which you can access by clicking [here](#).
